

Allworx® IP Phones

Allworx — giving you the power of choice.

What do you want from a phone ... the ability to make calls over the Internet or a standard phone line? Flexible performance as a PBX or Key system? Portability between home, office and remote sites? Whatever you need, Allworx IP phones connect you to the world.

Allworx Phones — Key Advantages

Allworx phones are the most feature-rich, flexible, easy-to-use phones on the market. We're not just making broad claims — there truly are some key features of Allworx phones that will provide significant benefits to your business which are not available from lesser competitive offers.

Phones that lower your costs

▶ Lower purchase cost

The Allworx phones save you money compared to other IP phones that have fewer features.

▶ No increased cost for remote phones

There are no additional license charges required to set up a phone remotely.

▶ No site-to-site long distance charges

With Allworx phones and an Allworx system in each of your office locations, you incur NO long distance charges between sites.

▶ Reduced wiring and installation costs

Our built-in switch even lets you use your PC's existing Internet connection for your phone, reducing wiring costs and installation time.

Get the features you want and more

▶ Broadcast paging

The Allworx phones provide broadcast paging within specified zones or to the entire company.

▶ Intercom auto answer

Many phones have intercom capability, but no one else offers an auto answer feature that allows you to answer an intercom without having to pick up the phone.

▶ State-of-the-art high-fidelity audio

Voice quality is critical with phones. Allworx has engineered technology into our phones that enables superior voice quality.

▶ Unique remote phone capabilities

The Allworx phones are the only IP phones that provide BLF, SIP appearance, line appearance and more to remote users.

VoIP that travels

Remote locations. With an Allworx IP phone and an Ethernet connection, you can:

- Be a virtual "extension" of the office.
- Talk to any office site with an Allworx system — incur NO long distance charges.
- Change your personal settings from any location.

Multi-site calling

Multi-site. With Allworx phones and an Allworx system in each of your office locations, you can:

- Incur NO long distance charges between sites.
- Merge multiple sites with one system. Transfer calls between sites — the caller will never notice.
- View BLF activity and company directory across multiple sites.
- Manage calls for all sites with one receptionist.

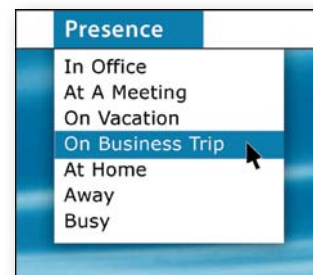

Presence management

Follow-me calling at your fingertips.

You can change your call routing "presence" instantly, using:

- Your phone
- Your voicemail
- Your PC
- Your smartphone

Explore the Allworx IP Phones

These sleek new phones don't just look good — they meet your needs for today and prepare you for tomorrow. With Allworx phones, you hear the future.
